

PRESS RELEASE 087A/2022

PALOTINA, PARANÁ – It is with great satisfaction that we would like to **share a very special news** not only for TresBomm Agri's employees, but also for clients, partners, suppliers, brokers, financial institutions, among others.

After a careful survey conducted by Exame Magazine, in 2022, TresBomm Agri debuts in the select and traditional annual ranking of the **400 Biggest Companies in Brazil, occupying the 389th position**. However, as if this singular prominence by one of the most renowned and respected communication vehicles of the country was not enough, TresBomm Agri was also elected the **25th best company in the Brazilian agribusiness!**

As it could not be any other way, this recognition is the direct **result of the unquestionable dedication of our employees and the omnipresent relationship of trust established with local farmers**. Therefore, we would like to express our **sincere gratitude to everyone who has helped us get this far** in the last ten years!

It is by **respecting our origins, looking to the future, and waking up every day with the willingness to work**, that we end up conquering not only great results, but **transforming for the better the country we love and chose to invest in!** We are ready for new challenges!

Count on us!
